PRECONTRACT APPROVAL RECORD
(PART TWO)

CONTRACT

EG-400 TO# 5

The services and equipment being procured by this Contract No. TO # 5 are in furtherance of the CORONA Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

a. Task Order No. 5 to Contract No. EG-400 provided for design, fabrication and delivery of two (2) each - THREE - ON- ONE Continuous Printers and three (3) each - Slitters for the CORONA Program.

b. The final cost and property audits of the task order have been completed and submitted to the undersigned. A copy of the report is attached. The Auditor has recommended for acceptance total costs in the amount of \$175,496.51. This amount together with the approved fixed-fee of \$13,615 results in a final approved contract price of \$189,111.51.

c. In connection with the settlement of Task Order No. 5 there are also attached the following documents:

Contractor's Release.
Contractor's Assignment of Refunds, Rebates,
Credits and Other Amounts.
Contractor's Certification of Inventory.
Patent Statement.

d. All work and services required under the task order have been performed satisfactorily and all property has been properly accounted for. The difference of \$19,008.49 between the amount obligated and the final contract price should be credited to Fiscal Year 1962 DOD CORONA Funds. The contractor's Patent Statement is concurred in.
